Procedure to be followed regarding Invitation to Foreigners to Attend Conferences, Discussion Groups, etc.,

The following Press Note issued by the Ministry of External Affairs, Government of India, regarding invitation to foreigners to attend Conferences, Discussion Groups, etc., in India, is republished for general information.

Organisations, Associations and Bodies which are likely to be concerned with such invitations are specially requested to note the procedure to be followed.

Press Note.

The Government of India have observed that, on a number of occasions, non-official organisations or private persons have invited foreigners to attend conferences, discussion groups and lecture tours. Not infrequently both the persons invited and their hosts have been put to great inconvenience because of the delay or failure to obtain the necessary visa facilities for visiting the country. The Government of India wish to emphasise that in order to avoid this difficulty it will be desirable for private persons and non-official bodies to inform in advance the Government of India in the Ministry of Home Affairs of their intention to invite foreigners. Only after the Ministry of Home Affairs have agreed to issue visas in favour of the persons whom it is proposed to invite, should invitations be sent out. This will prevent last-minute rush, inconvenience and possible misunderstandings.

Press Note.

Attention is invited to the Press Note issued on 10th April 1952, regarding the revision of prices of foodgrains and the revision of food policy with reference to the decision taken by Government on these two matters. It would be observed therefrom that the revised mode of procurement, payment of land revenue in kind and the de-rationing of foodgrains in all parts of the State except in the Cities of Bangalore, Mysore, Kolar Gold Fields, Davangere and Bhadravathi Town, will take effect only from the next procurements season. It has also been made clear therein that the existing system of distribution of foodgrains by Government Agency, both in the statutorily rationed areas and the informally rationed areas, will continue till the next harvest.

Fears have been expressed in some quarters that conditions will become acute and difficult, particularly in the famine areas where crops have completely failed, owing to the revision of food policy as announced above. Government wish to make it clear that, with effect from 1st May 1952, it is only the restrictions on movement of foodgrains in all areas in the State except the four Cities where statutory rationing has been in force, that has been removed. All other matters concerning the revision of food policy would only take effect from the next harvest season. Government have also expressly stated that the responsibility of distributing the foodgrains in all parts of the State continues to be undertaken by Government as heretofore. All the Government Depots in the informally rationed areas for the distribution of foodgrains will also continue till the next harvest season. It would also be clear from the steps taken that consumers in informally rationed areas have added advantages with the removal of movement restriction to obtain their foodgrains both from the Government Depots that will continue and also from the surplus of holders, if any, in the rural areas. This additional advantage is afforded to alleviate and remove the suffering in famine areas. There is therefore no cause for any panic or anxiety expressed in certain quarters with reference to the decisions taken by Government on the food policy and administration.

Press Note.

A large number of visitors have been seeking to interview the Hon'ble Chief Minister during the last few days and at all hours from 7.00 A.M. to 9.00 P.M. The Hon'ble the Chief Minister would be very glad to meet as many visitors as he can and discuss with them the various problems affecting them individually or the general public. But the Public will appreciate that it would be necessary in the interest of expeditious work that the time during which such visitors are allowed is regulated. This is desirable also from the point of view of the visitors, so that they need not unnecessarily be kept waiting or inconvenienced in any other manner. On a careful consideration of the question it has been decided that the following procedure might be adopted in future.

The Hon'ble the Chief Minister will be glad to see visitors between 9.00 A.M. and 10.00 A.M. on Mondays and Wednesdays at his official residence whenever he is at headquarters. Persons who wish to interview the Hon'ble Chief Minister on those days are requested to fix up engagements by writing at least three days in advance to the Personal Secretary to the Chief Minister and indicating the subject matter which they wish to represent or discuss with the Hon'ble Minister. It is also felt that a day should be set apart for hearing petitions, representations and also for providing for persons who wish to meet the Hon'ble Chief Minister but might be unable to write in advance. To cover such cases, the Hon'ble Chief Minister proposes to grant interviews to all such visitors from 9.00 A.M. to 11 A.M. on all Fridays in his Chambers at the Old Public Offices, whenever he is at headquarters.

The Hon'ble Chief Minister is confident that the public will appreciate the need for regulating interviews in the above manner as it would conduce to the discharge of Government work in an efficient way.

Press Note.

In the light of the present day conditions in the silk trade in the country, the Board of Directors of the Mysore Spun Silk Mills, Limited., Channapatna, decided to close the Mills with effect from the 17th of March 1952. A large accumulation of stocks manufactured at high prices together with the very slack demand for silk in the open market as also the lack of sufficient working capital were the factors which compelled the Board to close the Mills until market conditions improved.

A Joint Meeting comprising of the representatives of the Mills, of the Labour Association of the Mills and prominent public workers was held in the Chambers of the Hon'ble the Minister for Industries when the matter was again discussed in detail. Here also it was decided that, as resolved by the Board of Directors, arrangements should be made for the speedy disposal of the accumulated stocks even if it should mean a loss to the Company and that strenuous efforts should be made to get at finance for the working capital, so that the Mills should be in a position to start work again as soon as market conditions improve.

It is hoped that the Mills will be in a position to start work very early.

Press Note.

Elections to the State Legislative Council from the Council Constituencies—Attestation of elector's signature on pallot papers.

The Election Commission, India, have, in a Notification No. 29-52—Elec. III, authorised any Gazetted Officer of the Government of Mysore to attest the signature of an elector other than himself on a postal ballot paper in respect of the election to a Council Constituency in the State of Mysore and that every person so authorised to attest signatures should give below his signature not only his full designation but also to affix his official stamp. In view of the fact that a large number of Gazetted Officers in Mysore such as Under and Assistant Secretaries, Assistant Professors and Gazetted Officers on leave have no official stamp and the consequent inconvenience to candidates in obtaining attestations, the Government of Mysore recommended to the Election Commission that the designation of the attesting officer concerned may be accepted by the Returning Officers in lieu of the official stamp. The Election Commission have agreed to this sugg stion and have stated that they have no objection to the Returning Officer accepting designation of attesting officers in lieu of official stamp if he is satisfied that the attestation is by a proper authority.

Health of Livestock in Mysore State during March 1952.

In their order of severity, outbreaks of Rinderpest, Blackquarter, Foot and Mouth, Sheep-pox, Hæmorrhagic-septicæmia, Ranikhet, Anthrax, Rabies and Gastro-entritis were encountered in the State during March 1952. Altogether 214 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 396 villages during the previous month. The number of outbreaks was highest in Kolar, Tumkur and Shimoga Districts, while Mysore, Mandya and Chitaldrug Districts, were least affected. These diseases accounted for 2,002 attacks of which 555 succumbed. The departmental staff conducted 34,832 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Ten outbreaks of Rinderpest were registered in Challakere, Sira and Pavagada taluks accounting for 171 attacks, among cattle, of which 98 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 5,103 cattle in the infected villages and 3,846 cattle in 23 neighbouring villages were protected against this disease. The disease appeares to be well under control at the end of the month under report.

Diseases causes by internal parasites were reported from 117 villages accounting for 20 deaths, as against 118 villages accounting for 69 deaths during the previous month. The special staff attached to the parasitic disease control units of the departmen dosed 8,772 animals as against 8,731 animals during the previous month.

The rest of livestock remained free from diseases during the month and fodder and water were generally available throughout the State.

Press Note.

Certain doubts have been expressed regarding the scope and implications of the removal of the restrictions on the free movement of foodgrains within the State with effect from 1st May 1952, as announced by Government in their Press Notes dated the 10th and 11th instant, Government wish it to be clearly understood by the public that the concession in question is to facilitate the movement, except from and into the statutorily rationed areas of foodgrains required for domestic and *bona fide* use of the people only

and *not for purposes of trade*. Even under the system of levy of foodgrains to come into effect from the next season, trade in foodgrains would not be free but confined to licensed dealers only. The public are, therefore, reminded that the movement of foodgrains for purposes other than *bona fide* consumption continues to be illegal and punishable under the provisions of the Articles of the Food Acquisition (Harvest) Order in force in the State. Notwithstanding the removal of restrictions on the free movement therefore, no free trade in foodgrains is permissible, since the clause in the Food Acquisition Order banning the sale of foodgrains except to Government is still valid and continues to be in force.

Press Note.

Distress Relief Works in Kolar District.

It has come to the notice of Government that responsible individuals and public bodies have been issuing statements to the Press, criticising Government for lack of appreciation of the distress conditions that prevail in some of the taluks of the Kolar District. Government wish to point out that these statements are not wholly correct and, in some cases, matters are exaggerated to a great extent.

With a view to affording relief to the people affected by adverse seasonal conditions in the several parts of the State by providing labour to the unemployed agricultural classes on works of public utility, the Government of Mysore sanctioned a special grant of Rs. 10 lakhs during the year 1951-52 and sanction was renewed with a grant of Rs. 4 lakhs in the current year's budget for the continuance of the distress relief works that were started last year. Government are prepared to spend more, if need be.

To give immediate and substantial help to the poor and needy, relief works, such as formation of new roads, repairs to the existing wells, sinking and deepening of wells, repairs to gokattes and tanks were undertaken in the Districts of Kolar, Tumkur, and Chitaldrug. Government have spent a sum of Rs. 82,767-7-5 up to end of March 1952, on relief works and subsequently up to 15th April 1952, a sum of Rs. 9,831-7-6 is spent and in all about 41,000 people were engaged in these relief works.

The Hon'ble Ministers for Revenue and Home Affairs toured in the affected parts of Kolar District, and after studying the situation personally, they have given instructions to provide labour to the agricultural classes and open additional Food Depots and Drinking Water Wells wherever necessary. The local officers also have been moving about frequently in the interior parts to give immediate relief at the spot.

Arrangements had been made for supply of fodder from Mandya and Mysore Districts to the affected parts of Kolar, Tumkur and Chitaldrug Districts at a subsidised rate of Rs. 70 per ton against a cost price of Rs. 125 a ton. As the people in the distress areas were unable to purchase hay even at this subsidised rate, the price of hay and ragi-straw was further reduced to Rs. 46-10-8 per ton (*i.e* 0-0-4 per lb.) recently. Extra Food Depots have been opened in distress areas for making available foodgrains. In the case of disabled and poor persons who cannot afford to pay for the foodgrains, arrangements have been made to give cash doles of Rs. 13 per month per adult male or female, and Rs. 5 for a child (below 8 years), and this includes the free gift of 2 seers of food grains to the destitutes. Arrangements have also been made for supplying clothes, shirts, shorts, cheap sarees old and new to the needy and unemployed. The distribution of milk powder and multi-vitamin tablets in these areas to check mal-nutrition is also undertaken.

As it was represented that labour charges hither to allowed for persons employed on relief works were not adequate, the rates of wages have been enhanced from Re. 0-10-0 to Re. 0-12-0 in the case of a male and from Re. 0-8-0 to Re. 0-10-0 in the case of a female, and a boy over twelve years of age. The out-put of earthwork expected which was hitherto fixed at 1½ cubic yards for Re. 0-10-0 is revised and a rate of Re. 0-12-0 is ordered to be paid for ONE cubic yard of earthwork.

In order to lessen the burden on the agriculturists, the collection of dry and wet assessment for the year 1951-52 has been ordered to be suspended, pending submission of regular proposals for remission and suspension of dry assessment, and remission of wet assessment in places where cultivation has suffered and the lands have been left fallow and the yield has been less than Re. 0-4-0.

Government wish to state that every effort is being made to bring relief to the people, who have been hit hard under the distress conditions.

Issue Prices of Food-Grains and the Food Policy.

Certain statements having appeared in the Press recently relating to the recent revision of the issue prices of food-grains and the future food policy in the State announced in the Press Note of 10th April 1952, Government consider that certain clarifications are necessary to remove the doubts and misconceptions to which expressions have been given in the Press.

The Press Note of 10th April 1952 consists of two parts, the first part relating to the revision of the issue prices of food-grains and the second to the revision of food policy. It will be seen that there is no reference in the first part of the Press Note to the resolutions of the Political Conference held at Davangere and therefore the alleged misconception in the minds of the public "that the Davangere resolution empowered the State Government to raise the selling prices of food-grains" could never arise and has no basis whatever. On the other hand, in the same comment appearing in the Press, the increase in the issue prices of food-grains has been justified as being inevitable in the very circumstances of the case. In fact, from the inception of food control in the State, there has been in principle no correlation between the procurement and issue prices of food-grains in the State and therefore to try to indicate any relationship between the two now at this stage would only be to cause confusion.

The statement attributed to Government that urban people were being fed at the cost of rural people does not appear anywhere in the Press Note that has been issued and is therefore without any basis. All that has been said is that any subsidy that is incurred would only benefit about 45 per cent of the total population of the State. In fact, the general policy of uniform issue prices of foodgrains throughout the State for all classes of persons has been maintained and continued even now without any change. The impression therefore that has been created that a distinction is made between one class of persons and another is unfounded.

The price structure of foodgrains has all along been on the principle of making foodgrains available to all classes of consumers at uniform rates by maintaining the normal ratios between their selling prices, the over all deficit being made up from general revenues. There has been no change in this policy even now and it is not therefore correct to say that either producers or any one class of consumers subsidised the other classes.

The statement made in the Press "that there is no control over foodgrains in the rural areas of the State from 1st May 1952" is not correct; only the rules with regard to movement of foodgrains are relaxed. In fact, in a subsequent Press Note dated 30th April 1952, this has been clarified and it has been made clear that relaxation even with regard to the movement of foodgrains is not for purposes of trade but for *bona fide* consumption only. The legal aspect does not arise in view of the fact that the relaxation now permitted is a continuation of the same principle that existed before, with however no quantitative limit. It has to be further noted that the free movement permitted does not entail free trade in foodgrains or removal of price controls and the informal rationing in those areas has also been continued. The impression created therefore that Government have no responsibility of feeding the people in the informally rationed areas is misleading.

The notice dated the 29th April 1952 of the Food Secretary referred to in the Press-statement as a Government notification regarding the surrender of foodgrains based on the Levy System of procurement proposed to be introduced is not a notification in the sense that it has been issued by Government, but is only a timely intimation to the agriculturists in the State. The notification will, of course, have to issue in due course later when the question is finalised after a consideration of all aspects.

Government wish to make it clear that the re-orientation of the food policy has been acclaimed by all sections except for the inconvenience caused by the increase in the issue prices of foodgrains for reasons beyond their control. The principles of service at cost and that General Revenues should not be made liable for the loss of food operations, have been adopted especially in view of the present financial position of the State. Any Government in the position of the present Government had no alternative policy to follow and several other States had also to adopt the same policy as it was otherwise impossible to fill up the big gap consequent on the revision by the Government of India with regard to the subsidy, and also the very large increase in the prices of imported foodgrains. Government had recourse to this only after they were fully convinced that no assistants from the Central Government on this account would be forthcoming and any delay would have meant unbearable strain and burden on the finances of the State.

Press Note.

Rehabilitation of Ex-servicemen of the Mysore State Forces.

Since the integration of the Mysore State Forces with the Indian Army and the subsequent demobilisation of the several units, which resulted in the release of a large number of officers and men prematurely, the Government of Mysore have been anxiously trying to resettle them in civil life and to provide some relief and assistance to these officers and men. The *Ad-Hoc* Committee that was appointed early in March 1951 to draw up comprehensive schemes for the resettlement of these men, recommended several schemes which were provisionally accepted by the Government of Mysore and recommended to Government of India for approval and sanction of necessary funds for the implementation of these schemes. The Government of India

said that, in view of the financial stringency, it was not possible to sanction all the schemes prepared and suggested that only the following schemes be taken up :—

1 A Land Colony for 350 men, based on Co-operative lines ;
2 A Co-operative Auto-riksha, Lorry Services for about 80 men ;
3 Technical Training facilities for about 200 men; and
4 Aid to individual settlers on land.

As the funds to be sanctioned by the Government of India were not adequate, and as the modified schemes would not provide for sufficient number of ex-servicemen, the matter was again taken up with the Government of India; and, after further correspondence and personal discussions, the Government of India have agreed to sanction the following schemes :—

1 A Co-operative Land Colony at Hunsur Taluk for about 350 men at an estimated expenditure of Rs. 12,60,000.
2 An Auto-Riksha, Lorry and Auto-workshop scheme at Bangalore to provide for about 90 men ;
3 Technical Training facilities for about 200 men with stipends of Rs. 25 per mensem, for periods between six months and a year, and
4 Aid to about 400 individual settlers on land at an average of Rs. 500 per settler.

These schemes are to be financed proportionately by the Government of India, the Government of Mysore, the Mysore Soldiers' Board, and from contributions by the ex-servicemen themselves. The funds provided from the Governmental sources will be partly as grants and partly as loans, which will be recovered from the co-operatives in easy instalments. The Government of India have very recently sanctioned Rs. 1 lakh as loan to enable the immediate implementation of the schemes.

Steps are being taken for provision of necessary funds and for setting up of the departmental organisations for taking up of the schemes immediately. Full details of the schemes will be published very early and applications will be called for from the ex-servicemen of the Mysore State Forces, affected by integration, for joining the schemes.

To provide relief, steps have already been taken to provide alternative employment to a large number of ex-servicemen, and over 900 ex-servicemen have already been assisted to secure employment in the various Government Departments as well as in private concerns. A number of ex-servicemen have been allotted permits and licenses to deal in controlled commodities and electric power has been arranged to be supplied, on a priority basis, to some of the men for starting small industries.

It is also proposed to absorb as many of the ex-servicemen as possible in the Mysore State Police force.

Over 300 sites are being reserved for allotment to ex-servicemen at an upset price both in Bangalore and Mysore Cities.

The Public Service Commission have been requested to give priority to ex-servicemen in filling up vacancies and to relax the age limit rules in respect of these men.

Press Note.

As the Government of India have recently reduced the upply price of milo by Rs. 2 per maund, the benefit of this eduction has to be passed on to the consumers in the tate. It may be recalled that, in revising the issue price foodgrains with effect from 10th April, 1952, the price heat was revised from 2 3/8 seers to 1½ seers pee, the increase being as much as 60 per cent over the previous rate, whereas the increase in the sale price of rice and millets was 33⅓ per cent and 11·5 per cent respectively. This steep increase in the selling price of wheat was the result of the transfer of a considerable portion of the subsidy on the sale of milo to wheat so as to keep the price of millets, which is the poor man's food, as low as possible. Now that some relief has been afforded by the Government of India in the form of reduction in the supply price of milo, it stands to reason that the benefit of the reduction in the subsidy on milo is utilised to cheapen wheat, which would go some way to lighten the burden of the recent revision of issue prices to all classes of consumers. Accordingly, Government have decided to reduce with immediate effect the issue price of wheat from Re. 0-10-8 to Re. 0-8-0 per seer or from 1½ seers to 2 seers per rupee. Government earnestly hope that this measure will be welcomed by all sections of people and that advantage of the reduced issue price of wheat would be availed of fully by every one in the State.

(iii) The Government will not make any extra demand for lands resigned from occupation and the lessee shall not be entitled to any rebate on account of lands taken up for cultivation during the currency of the lease.

(iv) The lessee shall not interfere with any operation such as planting, sowing, thinning, felling or any work of contract repair or maintenance, etc., that any department of Government may wish to conduct in the leased area should any damage be caused to the Thangadi and Kakke bark by such operations he shall not be entitled to any compensation.

(*a*) The bark grown in the limits of the undermentioned villages—

(1) Musuvinakalu.
(2) Kambodahalli.
(3) Dyavarahalli.
(4) Hulikunte.

is reserved for the benefit of the tannery at Hulikunte.

(v) The right of collection of the bark in the following eleven villages in Chitaldrug Taluk will be disposed of separately—

(1) Doddasiddavvanahalli.
(2) Kenchiganahalli.
(3) Ingladal.
(4) Kurumaradi.
(5) Kennehadu.
(6) Kyadigere.
(7) Kesavanhalli.
(8) Yerehalla.
(9) Thopenamallige.
(10) Lambanibatti.
(11) Kumbarahatti.

2. The auction will commence at 2 P.M. and if it is not concluded on the same day, will be continued from day to day at the same hour until concluded.

3. Defaulters on account of previous leases will not be permitted to bid.

4. No person will be allowed to bid unless he (1) produces a certificate from the Amildar of the Taluk in which he resides in the form prescribed by Government; in regard to his solvency and its extent, or an exchange certificate as provided for in clause 6, and (2) deposits also with the officer holding the sale a sum of Rs. 200 which must, except under unavoidable circumstances, be in the form of cash or currency notes.

5. Bidders who are not residents of Mysore State and who do not possess unencumbered property in Mysore State at least to the extent of the estimated value of the lease unit for which they intend bidding should, before they are allowed to bid, either deposit with the officer conducting the sale half the estimated amount of the lease, to the nearest hundred rupees as earnest money or they should produce a local surety fully solvent to the extent of the highest bid likely to be had at the conclusion of the sale. The bond to be taken from the surety should be on a stamp paper, the stamp payable being governed by the provisions of the Stamp Act. In cases where the foreign bidders deposit half the estimated amount of the lease, the usual deposit of Rs. 200 is unnecessary, and in cases where they produce a local surety the usual deposit of Rs. 200 should also be recovered from them. In the former case the remaining amount of the lease must be paid, before the expiry of half the period covered by the lease in two equal quarterly instalments when the lease is for one year, and in two equal half-yearly instalments when the lease is for two years.

6. The highest bidder shall deliver his solvency certificate to the officer conducting the sale and get in exchange, if he so desires, a certificate signed by the latter which will be sufficient authority for him to bid at auction sale in any one of the remaining divisions. This exchange certificate shall be delivered to the officer conducting the sale; and in case the party named therein happens to be the highest bidder again he may obtain in lieu thereof, if he so wishes, a fresh exchange certificate for his further use. The exchange certificate will contain all the particulars found in the Amildar's certificate and in addition, details of purchases made in the sales of other divisions as well as in the one in which the exchange certificate is granted. The deposits of unsuccessful bidders will be returned immediately after the sale.

7. The exclusive right to collecting and removing the produce above described will be disposed of to the highest

bidder, subject to the confirmation of the Chief Conservator of Forests who, at his discretion, may accept or reject the highest or any other bid, without assigning any reason therefor.

8. The highest bidder shall immediately after the close of the sale, credit into the Government Treasury, one-quarter of the total sale amount including the deposit already made together with the local railway, health and other cesses, if any, and sales-tax on the full lease amount at the rate prevailing in the district. In default, the deposit already made will be forfeited and the right resold. Such resales will be at the risk of the defaulting purchaser who will be liable to make good any loss that may result to Government by the resale, but will have no claim to any surplus accruing therefrom. Such losses shall be recoverable as an arrear of land revenue.

9. If the sale is not confirmed by the authority concerned, all moneys paid will be refunded to the party. In case the sale is not confirmed in the name of the highest bidder the next highest bidder may be called upon to take up the lease and in that case he shall abide by all the conditions prescribed herein for the highest bidder. The security deposits of the next highest bidders will be retained until the confirmation of the sales is decided.

10. Within fifteen days of the intimation of the confirmation of the sale, the successful bidder shall execute a separate agreement at one for each unit with one or more sureties to the satisfaction of the District Forest Officer of the District concerned, on a stamped paper of the value of ten annas procured at his own cost, and also furnish security deposit of Rs. 500 or one-quarter of the sale amount whichever is less, for each unit, for the fulfilment of the conditions of the contract in the shape of Government Savings Bank Deposit. Recovery of the security deposit will be waived if the full sale amount together with cesses is paid in advance. In default either to execute the agreement with the necessary sureties or to furnish the required security or both, the contract will be cancelled, all moneys already paid forfeited to Government and the right resold at the defaulter's risk. He shall have no claim to any surplus accruing from such resale and he shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue under section 79 of the Mysore Forest Act. After executing the agreement and furnishing the security, the successful bidder shall, before entering on the collection of the bark, obtain from the District Forest Officer, a permit in the prescribed form authorising him to commence the bark collection.

NOTE.—(i) The solvency and the respectability of the sureties should be proved to the satisfaction of the District Forest Officer and the sureties shall be held responsible for all payments to be made under the lease and for due fulfilment of all the conditions of the contract.

(ii) A sample form of the agreement may be seen at any of the District Forest Offices.

11. The balance of the sale amount shall be paid in three equal instalments as follows :—

1st Kist on 1st January 1953.
2nd Kist on 1st May 1953.
3rd Kist on 1st September 1953.

If a default occurs in the payment of any instalment or interest on the due date the contract shall immediately stand suspended and all produce collected and in storage during such period of suspension shall be forfeited to the Government. In spite of such suspension, if the instalments and interests overdue continue to remain unpaid for a period of one month, then the contract shall be cancelled and the right resold, the defaulter being liable for any deficit in the amount due to Government less the amount already paid. He shall have no claim on the surplus accruing from such resale, but shall be liable to the loss arising therefrom which shall be recovered as an arrear of land revenue, under section 79 of the Mysore Forest Act or any other law for the time being in force. Interest at the rate in force for the time being, will be levied on all arrears of lease amount which are permitted to be paid after the due date.

12. No concession of any kind will be shown to the contractor for loss on any account.

13. In the event of breach of any of these conditions, the lease will be cancelled or the security amount forfeited in whole or in part, or both these penalties will be enforced at the discretion of the Chief Conservator of Forests. In the case of mere forfeiture of the security deposit amount, the difference will be made good immediately by the contractor, and in the case of the cancellation of the lease, the right will be resold, the lessee not being entitled to moneys already paid by him or for the subsequent excess realisations by resale, the deficit, if any, that may result from such resale being recovered from him as an arrear of land revenue.

14. Bidders are warned that no transfer or subletting of leases will be permitted.

Press Note.

Health of Live-stock in Mysore during April 1952.

In their order of severity, outbreaks of Rinderpest, Blackquarter, Anthrax, Foot and Mouth, Sheep-pox, Hæmorrhagic-septicæmia, Contagious Goat Pleuro-pneumonia, Ranikhet and Gastro-entritis were encountered in the State during April 1952. Altogether 233 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 214 villages during the previous month. The number of outbreaks was highest in Shimoga, Bangalore and Chitaldrug districts, while Hassan, Mandya and Chikmagalur districts were least affected. These diseases accounted for 1,798 attacks, of which 847 succumbed. The departmental staff conducted 66,309 preventive innoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Twelve outbreaks of Rinderpest were registered in Bangalore North, Devanahalli, Goribidanur, Channagiri, Challakere and Sira taluks accounting for 250 attacks among cattle, of which 133 succumbed. Prompt measures of control were undertaken by the department to check its spread and 17,369 cattle in the infected villages and 22,359 cattle in 77 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 113 villages accounting for 5 deaths, as against 117 villages accounting for 20 deaths during the previous month. The special staff attached to the parasitic disease control units of the department dosed 8,422 animals during the previous month.

Fodder and water were generally available throughout the State.

2. The auction will commence at 2 P.M. and if it is not concluded on the same day, will be continued from day to day at the same hour until concluded.

3. Defaulters on account of previous leases will not be permitted to bid.

4. No person will be allowed to bid unless he (1) produces a certificate from the Amildar of the Taluk in which he resides in the form prescribed by Government; in regard to his solvency and its extent, or an exchange certificate as provided for in clause 6, and (2) deposits also with the officer holding the sale a sum of Rs. 200 which must, except under unavoidable circumstances, be in the form of cash or currency notes.

5. Bidders who are not residents of Mysore State and who do not possess unencumbered property in Mysore State at least to the extent of the estimated value of the lease unit for which they intend bidding should, before they are allowed to bid, either deposit with the officer conducting the sale half the estimated amount of the lease, to the nearest hundred rupees as earnest money or they should produce a local surety fully solvent to the extent of the highest bid likely to be had at the conclusion of the sale. The bond to be taken from the surety should be on a stamp paper, the stamp payable being governed by the provisions of the Stamp Act. In cases where the foreign bidders deposit half the estimated amount of the lease, the usual deposit of Rs. 200 is unnecessary, and in cases where they produce a local surety the usual deposit of Rs. 200 should also be recovered from them. 8. The highest bidder shall immediately after the close of the sale, credit into the Government Treasury, one-quarter of the total sale amount including the deposit already made together with the local railway, health and other cesses, if any, and sales-tax on the full lease amount at the rate prevailing in the district. In default, the deposit already made will be forfeited and the right resold. Such resales will be at the risk of the defaulting purchaser who will be liable to make good any loss that may result to Government by the resale, but will have no claim to any surplus accruing therefrom. Such losses shall be recoverable as an arrear of land revenue.

9. If the sale is not confirmed by the authority concerned, all moneys paid will be refunded to the party. In case the sale is not confirmed in the name of the highest

bidder the next highest bidder may be called upon to take up the lease and in that case he shall abide by all the conditions prescribed herein for the highest bidder. The security deposits of the next highest bidders will be retained until the confirmation of the sales is decided.

10. Within fifteen days of the intimation of the confirmation of the sale, the successful bidder shall execute a separate agreement at one for each unit with one or more sureties to the satisfaction of the District Forest Officer of the District concerned, on a stamped paper of the value of ten annas procured at his own cost, and also furnish security deposit of Rs. 500 or one-quarter of the sale amount whichever is less, for each unit, for the fulfilment of the conditions of the contract in the shape of Government Savings Bank Deposit. Recovery of the security deposit will be waived if the full sale amount together with cesses is paid in advance. In default either to execute the agreement with the necessary sureties or to furnish the required security or both, the contract will be cancelled, all moneys already paid forfeited to Government and the right resold at the defaulter's risk. He shall have no claim to any surplus accruing from such resale and he shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue under section 79 of the Mysore Forest Act. After executing the agreement and furnishing the security, the successful bidder shall, before entering on the collection of the bark, obtain from the District Forest Officer, a permit in the prescribed form authorising him to commence the bark collection.

NOTE.—(i) The solvency and the respectability of the sureties should be proved to the satisfaction of the District Forest Officer and the sureties shall be held responsible for all payments to be made under the lease and for due fulfilment of all the conditions of the contract.

(ii) A sample form of the agreement may be seen at any of the District Forest Offices.

11. The balance of the sale amount shall be paid in three equal instalments as follows :—

Public Notice.

Subject :—Import of Machinery covered by a contract —assessment of.

The following procedure is prescribed in respect of goods (*e.g.* machinery, industrial plants, steel structures, etc.,) ordered under a contract but shipped at intervals in different lots by different vessels.

1. When the Bill of Entry for the first lot under the contract is presented, the importers will make an application to the Principal Appraiser, Group II to have the contract registered. The application should specify (1) the names of the suppliers (2) the contract number, (3) the nature of the goods under the contract, (4) the value of the contract, (5) and the date by which the contract is expected to be completed. The assessing officer will scrutinise the contract and indent or order and acceptance or agreement between the importer and the supplier and verify the details of the contract in respect of the goods and their value. The application for registration will be accepted under Principal Appraiser II's orders and the application formally registered by the group clerk II who will assign a register number and page number where the particulars of the contract will be entered in a special register maintained. If, however, the importers are not in a position to produce the contract, etc., at the time of the first consignment, the registration of the contract and the completion of the Bill of Entry need not be withheld on this account, but the contract documents must be produced at the time of the importations of the second consignment. The importers must also show clearly on all copies of the bill of entry the contract number to which the material under clearance belongs.

2. Each part shipment under the contract will be assessed after adding in 20 per cent to the invoice value. The excess recovery of duty will be adjusted after the last lot under the contract has arrived and the refund made to the importers on the strength of the formal protests recorded by them on the reverse of the original Bill of Entry for each lot.

3. The importers shall within 3 months from the date of clearance of the last lot under the contract submit the reconciliation statement along with the original contract invoices, duty bills, and any correspondence regarding final settlement of prices etc. After the contract is closed and the question of refund settled under the Assistant Collector of Customs, Appraising's orders the entries and contract registered will be cancelled under the signature of the Principal Appraiser II.

4. Where the assessing officer is satisfied that the invoice covering a consignment is not *pro forma* and there is no reason to doubt the correctness of the invoice value, he may either accept the invoice or provisionally assess on a higher value or accept a bond if such a course is acceptable. It may be added that there should ordinarily be no hardship to importers if even in cases where duty has been paid on a higher value in the first instance, proper invoices are submitted by them for finalising the assessments as early as possible.

5. In respect of machinery imported through trade channels for the Union or State Government Projects, the conventional addition of 20 per cent to the invoice value should not be made. In such cases however, a demand under section 39, Sea Customs Act, should be issued for 25 per cent of the duty to cover any extra duty that may be found leviable on final adjustment of the contract. The importers will have to execute a bond undertaking to pay any extra duty which may be found due on finalisation of the contract.

6. In the matter of debiting the import licence enhanced value taken for assessment should be debited to the licence. If the total value of the licence is used up earlier consequent upon such a debit the Collector of Customs would decide each case on merits and will ordinarily, where such provisionally enhanced value is likely to exceed the total contract value mentioned in the Import Licence, allow release of the goods on execution of a suitable bond.

Press Note.

REPORT ON THE WORK OF EFFICIENCY AUDIT BRANCH DURING THE QUARTER ENDED MARCH, 1952.

During the quarter ended March 1952, the Efficiency Audit Branch conducted inspections of eighteen Government Offices, *viz.*, four Taluk Offices, three Excise Offices, two Sales-tax Offices, six District Entertainment Tax Accounts, one Wool Spinning Centre, one Government Flying Training School (Jakkur), one Sub-Registry Office. Surprise inspections of three Agricultural depots and one Sub-Registry Office were also conducted. From the inception of this office up to 31st March 1952, the Efficiency Audit Branch has conducted 452 inspections in all, detecting total sum of Rs. 10,17,000 either as leakage of revenue or non-booking of demand.

Notes of inspections have been submitted to Government in respect of all the above inspections except thirteen which are under finalisation. During the course of inspections, several irregularities were noticed, such as non-booking and short-booking of demands, delay in the disposal of assessment and appeal files, maintenance of improper accounts, misappropriation of public funds, non-recovery of enhanced duty in the case of Excisable articles, short recovery of Entertainment Tax by the Proprietors of Cinemas, etc. A sum of Rs. 10,745 was found not booked in the Revenue Department. In the Sales-tax Department, there was omission to book a demand of Rs. 903. A loss of over Rs. 7,400 has been noticed in the Entertainment Tax Scheme for one year in respect of a few theatres in some Districts. Non-recovery of enhanced excise duty to the extent of Rs. 3,541 has been noticed in the Excise Department. It is thus seen that during the quarter under reference a loss of revenue to the extent of Rs. 22,000 has been detected by the Branch.

The inspections of accounts of the recovery of Entertainment Tax in the several Districts were taken up for the first time during this quarter. Loss of revenue on an extensive scale was observed in all the places. There is practically no inspection work done by local officers. The Deputy Commissioners of Districts are being addressed to remedy the defects.

The audit Staff of the Efficiency Audit Branch also assisted the Anti-Corruption Branch in several inspections and enquiries during this period, of which mention may be made of the audit of accounts of the Body Guards, Mysore.

Cases where serious irregularities were noticed during the inspections conducted have been brought to the notice of Government, and notes of inspections are sent to the Heads of Departments and to the Deputy Commissioners of Districts for taking necessary action. The progress of action taken on such inspection notes is being watched by obtaining progress reports.

2. The auction will commence at 2 P.M. and if it is not concluded on the same day, will be continued from day to day at the same hour until concluded.

3. Defaulters on account of previous leases will not be permitted to bid.

4. No person will be allowed to bid unless he (1) produces a certificate from the Amildar of the Taluk in which he resides in the form prescribed by Government; in regard to his solvency and its extent, or an exchange certificate as provided for in clause 6, and (2) deposits also with the officer holding the sale a sum of Rs. 200 which must, except under unavoidable circumstances, be in the form of cash or currency notes.

5. Bidders who are not residents of Mysore State and who do not possess unencumbered property in Mysore State at least to the extent of the estimated value of the lease unit for which they intend bidding should, before they are allowed to bid, either deposit with the officer conducting the sale half the estimated amount of the lease, to the nearest hundred rupees as earnest money or they should produce a local surety fully solvent to the extent of the highest bid likely to be had at the conclusion of the sale. The bond to be taken from the surety should be on a stamp paper, the stamp payable being governed by the provisions of the Stamp Act. In cases where the foreign bidders deposit half the estimated amount of the lease, the usual deposit of Rs. 200 is unnecessary, and in cases where they produce a local surety the usual deposit of Rs. 200 should also be recovered from them. In the former case the remaining amount of the lease must be paid, before the expiry of half the period covered by the lease in two equal quarterly instalments when the lease is for one year, and in two equal half-yearly instalments when the lease is for two years.

This exchange certificate shall be delivered to the officer conducting the sale; and in case the party named therein happens to be the highest bidder again he may obtain in lieu thereof, if he so wishes, a fresh exchange certificate for his further use. The exchange certificate will contain all the particulars found in the Amildar's certificate and in addition, details of purchases made in the sales of other divisions as well as in the one in which the exchange certificate is granted. The deposits of unsuccessful bidders will be returned immediately after the sale.

7. The exclusive right to collecting and removing the produce above described will be disposed of to the highets bidder, subject to the confirmation of the Chief Conservator of Forests who, at his discretion, may accept or reject the hig est or any other bid, without assigning any reason therefor.

8. The highest bidder shall immediately after the close of the sale, credit into the Government Treasury, one-quarter of the total sale amount including the deposit already made together with the local railway, health and other cesses, if any, and sales-tax on the full lease amount at the rate prevailing in the district. In default, the deposit already made will be forfeited and the right resold. Such resales will be at the risk of the defaulting purchaser who will be liable to make good any loss that may result to Government by the resale, but will have no claim to any surplus accruing therefrom. Such losses shall be recoverable as an arrear of land revenue.

9. If the sale is not confirmed by the authority concerned, all moneys paid will be refunded to the party. In case the sale is not confirmed in the name of the highest

bidder the next highest bidder may be called upon to take up the lease and in that case he shall abide by all the conditions prescribed herein for the highest bidder. The security deposits of the next highest bidders will be retained until the confirmation of the sales is decided.

10. Within fifteen days of the intimation of the confirmation of the sale, the successful bidder shall execute a separate agreement at one for each unit with one or more sureties to the satisfaction of the District Forest Officer of the District concerned, on a stamped paper of the value of ten annas procured at his own cost, and also furnish security deposit of Rs. 500 or one-quarter of the sale amount whichever is less, for each unit, for the fulfilment of the conditions of the contract in the shape of Government Savings Bank Deposit. Recovery of the security deposit will be waived if the full sale amount together with cesses is paid in advance. In default either to execute the agreement with the necessary sureties or to furnish the required security or both, the contract will be cancelled, all moneys already paid forfeited to Government and the right resold at the defaulter's risk. He shall have no claim to any surplus accruing from such resale and he shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue under section 79 of the Mysore Forest Act. After executing the agreement and furnishing the security, the successful bidder shall, before entering on the collection of the bark, obtain from the District Forest Officer, a permit in the prescribed form authorising him to commence the bark collection.

NOTE.—(i) The solvency and the respectability of the sureties should be proved to the satisfaction of the District Forest Officer and the sureties shall be held responsible for all payments to be made under the lease and for due fulfilment of all the conditions of the contract.

(ii) A sample form of the agreement may be seen at any of the District Forest Offices.

11. The balance of the sale amount shall be paid in three equal instalments as follows :—

1st Kist on 1st January 1953.
2nd Kist on 1st May 1953.
3rd Kist on 1st September 1953.

If a default occurs in the payment of any instalment or interest on the due date the contract shall immediately stand suspended and all produce collected and in storage during such period of suspension shall be forfeited to the Government. In spite of such suspension, if the instalments and interests overdue continue to remain unpaid for a period of one month, then the contract shall be cancelled and the right resold, the defaulter being liable for any deficit in the amount due to Government less the amount already paid. He shall have no claim on the surplus accruing from such resale, but shall be liable to the loss arising therefrom which shall be recovered as an arrear of land revenue, under section 79 of the Mysore Forest Act or any other law for the time being in force. Interest at the rate in force for the time being, will be levied on all arrears of lease amount which are permitted to be paid after the due date.

In the case of mere forfeiture of the security deposit amount, the difference will be made good immediately by the contractor, and in the case of the cancellation of the lease, the right will be resold, the lessee not being entitled to moneys already paid by him or for the subsequent excess realisations by resale, the deficit, if any, that may result from such resale being recovered from him as an arrear of land revenue.

14. Bidders are warned that no transfer or subletting of leases will be permitted.

(*a*) if the rules of its provident fund are in conformity with, or are more favourable to the employees than those specified in the Act; and

Press Note.

With a view to providing labour to the unemployed agriculturists in the distress-affected parts of Kolar, Tumkur and Chitaldrug Districts, the Government of Mysore have started a number of Relief Works in those parts.

An allotment of Rs. 6 lakhs has been distributed from 1st April 1952 among the several Districts for relief works and expenditure connected with rapid transport of hay to the affected parts at a subsidised rate of Rs. 46-10-8 per ton. In addition to the above, an allotment of Rs. 5 lakhs has been sanctioned recently by Government, exclusively to Kolar District, for meeting the increased demands under the Land Improvement Loans, Takavi Loans and Well Subsidy.

As many as 688 relief works are in progress in Kolar District, giving employment to about 110,411 persons, incurring an outlay of Rs. 2,98,529-15-0 up to 31st May 1952. The daily average expenditure on relief works in Kolar District is in the neighbourhood of Rs. 10,000. The tempo of work is being stepped up.

In Tumkur District, 41 relief works are in progress, giving employment to 4,515 persons and incurring an outlay of Rs. 40,441-12-0 up to 15th May 1952.

In Chitaldrug District, 25 relief works are in progress, providing employment to 778 persons. A total outlay of Rs. 26,585-13 0 has been incurred up to 15th May 1952. The progress of relief works in Chitaldrug District is somewhat affected owing to the poor response from the villagers in Hosadurga, Challakere and Jagalur Taluks.

Arrangements have been made to supply 745½ tons of fodder from Mandya and Mysore Districts to Kolar, Tumkur and Chitaldrug Districts. As fodder scarcity is keenly felt in Kolar and Tumkur Districts, arrangements have been made with the co-operation of the Railway Department to run 2 block-specials a day to Kolar District and 1 block-special every week to Tumkur District in addition to the normal supply of wagons. To supplement the cattle feed in these areas, 2,100 bags of wheat bran have been supplied at a rate of Rs. 6 per bag against a cost of Rs. 12.

Cash doles and issue of free rations to indigent and helpless people in the affected parts are also being distributed to 2,472 destitutes in Kolar District. A generous gift of 100 pieces of old cloths made by the residents of Bangalore under the leadership of Mrs. Gupta (wife of the Accountant-General in Mysore) has been distributed among the indigent people in Kolar District.

As a measure of further relief in the distress areas from the burden of making any payment, Government have ordered that one half of the assessment (wet and dry) may be remitted and that the collection of the non-remittable portion of the wet as well as dry assessment also be postponed this year.

One thousand nine hundred and seventy pounds of milk powder and 5,000 multi-vitamin tablets have been distributed to the people in the distress areas. In addition to this, 8,000 lbs. of bread have been distributed to the destitute families and indigent children.

Revision of Electoral Rolls.

Under Section 23 of the Representation of the People Act, 1950, the electoral roll for each Constituency shall be prepared every year in the prescribed manner by reference to the qualifying date. Under Section 24 of the same Act the existing electoral rolls will remain in force until the 30th September 1952. The Election Commission, India have directed that—

(i) in respect of the five years from 1952 to 1956, each annual revision of the electoral rolls should intensively cover one-fifth of the entire State, leaving out the special areas mentioned in item (iii) below. In this area of intensive revision, the State Government will hold detailed house-to-house inquiries in the particular year. Naturally, areas which are known to have defective rolls should be chosen for such intensive revision;

(ii) in respect of the remaining four-fifth area, the revision in such year should proceed on the basis of the existing rolls with such minor amendments of the lists as may be worked out by reference to the National Register and the records of deaths and lists of amendments which come to the notice of the Electoral Registration Officers otherwise;

(iii) apart from the revision indicated in directions (i) and (ii) above, there should be an annual detailed revision of the rolls in certain special areas, *viz.*,

(*a*) urban areas,

(*b*) areas where there is a floating labour population or unrehabilitated displaced persons are congregated;

(*c*) areas to and from where fairly large migrations are known to have taken place; and

(*d*) that part of the rolls, which relate to the electors entitled to vote by postal ballot;

and that—

(iv) during the 1952 revision, the problem of the women electors who refused so far to reveal their proper names and whose names may have, in consequence, had to be struck off the electoral rolls, should be vigorously tackled and solved. Special efforts should be made to ascertain their names and put them back on the rolls, if the entries in respect of them were struck off from the existing rolls. Where the defective entries still remain and the electors are still described as the wives or daughters of so-and-so and the like, they should be invariably revised and proper names ascertained and substituted. Wherever possible, the good offices of local women's organisations should be availed of in getting the necessary particulars about the women electors concerned. Although some of these defective entries may not have been struck off during 1951, through mistake or oversight or otherwise, all care should be taken to ensure that no such defective entries are allowed to remain in our 1952 rolls.

The Government of Mysore have accordingly issued instructions for the preparation and revision of the electoral rolls for 1952. The intensive revision referred to by the Commission will be conducted in the Bangalore North and South Parliamentary Constituencies and all the Assembly Constituencies comprised therein and the ordinary revision directed by the Commission will take place in all other Constituencies in the State. The electoral rolls of Bangalore North and South Constituencies will be prepared afresh by regular house to house visit and by a detailed enquiry in order to ensure that all persons qualified to vote are brought on the electoral roll. The fact of preparation of the rolls will be announced by beat of *tom-tom* three days before the house to house enquiry is taken up.

In all the Assembly Constituencies other than those included in the Parliamentary Constituencies of Bangalore North and South the revision of the electoral roll will proceed on the basis of the existing rolls and will consist of a preparation of a list of amendments worked out by reference to the National Register nad the records of death and by such enquiries as may be necessary. No person will be brought on the list of amendments if his name already exists in the electoral roll.

Every citizen of India, who is not subject to any disqualification and who has attained the age of 21 on the 1st of March 1952, is qualified to be a voter.

The preparation of the roll of the Bangalore North and South Constituencies will be completed by 15th August 1952 and the list of amendments before the 10th July 1952.

Schemes for the Resettlement of the Ex-Servicemen of the Mysore State Forces.

For the resettlement of the Ex-Servicemen personnel released as a result of the integration of the State Forces with the Indian Army and the subsequent demobilisation of the several units, the following schemes have been approved by the Government of India and will taken up shortly for implementation.

I. Land Colonisation Scheme at Uddur and Aspathre Kavals of Hunsur Taluk in Mysore District.

Under the scheme about 350 families of ex-service personnel will be settled on land on a co-operative tenant farming basis. Each settler will be allotted lands up to an extent of one acre wet and six acres dry land on a permanent tenancy basis. The lands will be cleared and brought into a condition fit for intensive cultivation by the Government and a Co-operative Tenant Farming Society will be organised from amongst the settlers. It is also proposed to take up the work of the restoration of the tanks and interior roads. The Colony will be provided with the necessary facilities such as drinking water wells, school, medical aid and community buildings. Each settler will be provided with a small house with sufficient area for cattle sheds, etc. It is also proposed to provide bullocks for cultivation and two tractors with all essential equipment will be made available to the colony for follow up operations. Each settler will be required to contribute Rs. 250 towards capital of the Co-operative Society. The total expenditure for this scheme has been estimated at Rs. 12,60,000, the major portion of which may be treated as grant and the balance will be advanced as loan recoverable by the Government in instalments. The colony will be initially organised by the Government and will be directly controlled and managed by the State Government for about three years in the first instance.

II. Individual Settlers on Land.

For such of those as have been allotted or will be allotted land grants on individual basis, and who settle on land and personally engage themselves in agriculture, a grant of Rs. 500 each will be given for buying of essential implements, putting up farm houses, etc.

III. Technical Training Scheme.

Arrangements are being made for providing facilities to about 200 ex-servicemen for training in technical and vocational trades in the Government industrial schools and training centres as well as in private and Government industrial concerns. Those who are selected for technical training, will be given a stipend of Rs. 25 per mensem, up to a period of about one year. The ex-Servicemen of Mysore State Forces who are admitted as apprentices in private industrial concerns will also be entitled to these benefits.

IV. Auto-Rikshaw and Lorry Services and Auto-Workshop at Bangalore.

A combined Auto-Rikshaw and Lorry Services and Auto-Workshop with high pressure servicing facilities is also to be taken up with an estimated investment of Rs. 3,20,000 to settle about 90 ex-Servicemen. This is to be organised on a co-operative basis and the capital amount will be advanced as loan repayable in instalments. The co-operative society for this purpose will be initially organised and controlled for about three years. The ex-Servicemen who join this scheme are to contribute Rs. 500 to Rs. 1,000 towards the capital required. This may be paid in instalments. The members who are selected for auto-rikshaw scheme may be given the option of buying out the auto-rikshaws on a hire purchase system.

The expenditure on these schemes will be shared between the Government of India, the Government of Mysore, the Mysore Soldiers' Board and the ex-Servicemen themselves contributing a share.

The management of industrial concerns in the State are requested to extend their co-operation and assistance to the Government, in the task of resettling these men, particularly in the field of technical training, by taking on as many ex-servicemen as is possible as apprentices in the various trades.

The schemes are restricted to the ex-servicemen of the Mysore State Forces released after 1st April 1950, but ex-Indian Army (including Navy and Air Forces) personnel of Mysore State Domicile, released after September 1950 will also be considered. Further details and application forms for the various schemes may be had from the office of the Assistant Director of Relief and Rehabilitation of ex servicemen of Mysore State Forces, Hebbal Post, Bangalore 6. *All intending applicants are requested to contact preferably in person the Assistant Director, immediately.*

The application forms to be sent, in duplicate, are priced at Re. 0-4-0 only per set of two copies. All intending applicants are hereby informed that if they desire an acknowledgment or reply, they should enclose along with their communications a self addressed envelope or postcard with sufficient postage. All applicants are to appear before the Selection Committee, at their own cost.

Health of Live-stock in Mysore State during May 1952.

In their order of severity, outbreaks of Rinderpest, Blackquarter, Hæmorrahagic-septicæmia, Anthrax, Foot and Mouth, Sheep-pox, Ranikhet and Contagious-goat pleuro-pneumonia were encountered in the State during May 1952. Altogether 230 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 233 villages during the previous month. The number of outbreaks was highest in Hassan, Tumkur and Kolar Districts, while Shimoga, Mandya and Chikmagalur Districts were least affected. These diseases accounted for 954 attacks, of which 705 succumbed. The departmental staff conducted 52,014 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention other prophylactic measures were adopted against Foot and Mouth disease.

Eight outbreaks of Rinderpest were registered in Pavagada, Hiriyur, Challakere and Devanhalli Taluks accounting for 114 attacks among cattle, of which 62 succumbed. Prompt measures of control were undertaken by the department to check its spread and 2,980 cattle in the infected villages and 17,618 cattle in 58 neighbouring villages were protected against this disease. The disease appeared to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 135 villages accounting for 80 deaths as against 113 villages accounting for 5 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 12,603 animals as against 8,422 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, and fodder and water were generally available throughout the State.
